Colorado Wilderness Corporate And Teams Acquires CBST Adventures
Leading Through Transformative Experiences

Boulder, Colorado February 3, 2023 - Colorado Wilderness Corporate and Teams (CWCAT) is a Boulder-based premier outdoor experiential leadership and team-building company founded on the belief that experiences in the outdoors positively impact leaders and teams in several ways. The company's mission is transforming lives, leaders, and teams through experiential leadership adventures.

CBST Adventures was a Golden (and Summit County) team-building organization founded in 1996 with the mission of striving "to create transformational adventure experiences that build world-class teams, positively impact communities, and develop individuals through experiential learning."

As of July 2022, these two companies are operating as one. Colorado Wilderness Corporate and Teams purchased CBST Adventures, following a close relationship and collaboration since 2018. CWCAT is proud to bring CBST Adventures under our umbrella, allowing us to continue leading teams through transformative experiences while expanding our offerings, our client base and our impact. By combining skills and knowledge with CBST Adventures, CWCAT will be able to provide more options for clientele and create truly unique experiential team-building and leadership development events.

CEO Joshua Baruch states, "our goal is to keep pushing the world of leadership development forward. We help produce highly effective leaders and teams ready to tackle the challenges of the 21st century".
